

SPARK® Media: Entertain

SPARK® Media: Entertain delivers entertainment directly to the user's own device.

This ultimate media package provides access to TV channels, newspapers and magazines, video on demand movies, TV box sets and E-books. We provide a huge library of content, stored direct onsite, saving valuable internet bandwidth required for internet movies streaming.

SPARK® Media: Entertain has access to 9,562 worldwide digital print titles and can offer a selection to suit your requirements if you desire something outside of our bronze, silver and gold print options.

SPARK® Media: Entertain also provides all channels free of charge at all times. We can provide access to any channel in the world via satellite services and provide access to SKY TV channels, such as SKY Sports, SKY Movies, SKY Atlantic or National Geographic Channel, plus many more.

WiFi SPARK can also provide integration to Radio services, enabling a broadcast medium to every area which has WiFi connectivity.

Simple to use and accessible via any web browser, WiFi SPARK can launch the service from your captive portal, UX or our WiFi Lounge Portal - there is no need to download an App.

**Improve visitor experience
and loyalty to your venue**

SPARK® Media: Amplify

As an enhancement, movies TV box sets and E-books are available as a bolt-on service. We provide a huge library of content, stored direct onsite, saving valuable internet bandwidth required for internet movies streaming.
